Subject: Pursuant to Federal Rule 54.314(a), October 1st Certification Requirement for
High Cost Universal Service Support, CC Docket No. 96-45.

Dear Secretary:

This letter is sent to certify that all eligible carriers subject to the jurisdiction of the Tennessee Regulatory Authority¹ have provided sufficient documentation that federal high cost support (which includes high cost loop support, local switching support, high cost support received pursuant to the purchase of exchanges, high cost model support, and hold harmless support) will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with § 254(e) of the Communications Act. No non-rural carriers in Tennessee are eligible to receive this support. A list of all eligible rural carriers under the jurisdiction of the TRA and the study area code for each follows:
